May 29, 2024

Dear families,

We are quickly heading into June and I am not sure where the month of May went. I am happy to see that we do have some sunshine brightening our skies today to bring some joy to all of our residents, their loved ones and staff.

I do have some good news to share with you today, 2C St. Mary's/St. Francis unit is no longer in a COVID outbreak as of May 27, 2024. I was so happy to see some of these residents coming off the unit to join our evening program yesterday May 28. Thank you to the residents, staff and families to their dedication to containing the outbreak on 2C, which allowed for a quick resolution of the outbreak.

Unfortunately, over the last weekend we did have a few residents on 2A Sacred Heart who were exhibiting respiratory symptoms. We did initiate some pre-outbreak measures and yesterday we did officially confirm that we have a Common Cold outbreak on the 2A Sacred Heart unit. Holy Family Home has initiated outbreak precautions as per the below:

- daily screening of residents for a respiratory symptoms
- initiate Isolation Precautions for anyone demonstrating symptoms
- Only small group activities that allow for physical distancing between residents on the resident care unit
- Ensure physical distancing during meals
- Ensure hand hygiene by the residents is done before and after meals and activities
- All residents to remain on the unit (no hairdressing or off unit events)
- Visitors are to limit their visitation on the outbreak unit and when visiting please visit in the resident care rooms on the unit only
- All staff and visitors are required to wear masks on this unit at all times

I am hoping that our residents have a quick recovery. Please keep our residents in your prayers.

Sincerely,

Stacey Morgan RNBN

Director of Care

To Serve is to Love
